IN RE: Application of Eagle Communications, Inc.     )  
for a Certificate of Public Convenience and     )  
Necessity to Provide Local and Long     )  
Distance Telecommunications Services within     )  
the State of South Carolina.     )

ORDER CANCELLING ✓  
CERTIFICATE

This matter comes before the Public Service Commission of South Carolina (the “Commission”) on the request of Eagle Communications, Inc. (“Eagle” or the “Company”) to cancel its Certificate of Public Convenience and Necessity to operate as a reseller of non-facilities based telecommunications services throughout the State of South Carolina, including basic local exchange services and exchange access services.

By letter dated June 4, 2001, the president for Eagle advised the Commission that the Company was requesting cancellation of its Certificate to provide local and long distance telecommunications services within the State of South Carolina. Eagle’s authority to provide resold local exchange and interexchange telecommunications services was granted by Order No. 97-997 issued November 20, 1997.

As reasoning for its request to cancel its operating authority, Eagle stated that the Company does not conduct business in the State of South Carolina; therefore, no customers would be affected by this cancellation. As Eagle does not provide the telecommunications services for which its Certificate was granted, the Commission finds and concludes that Eagle’s request to cancel its Certificate should be granted.

IT IS THEREFORE ORDERED THAT:

1. The Certificate of Public Convenience and Necessity to provide local and long distance telecommunications services within the State of South Carolina authorized by Order No. 97-997, dated November 20, 1997, issued to Eagle is hereby cancelled.

2. This Order shall remain in full force and effect until further Order of the Commission.
